All above rates are not applicable to all post offices. See Parcel Post Restrictions before determining Shipping Charges.

HOW TO FIGURE PARCEL POST

To find your zone, determine the distance you are from Houston, and use the zone covered by this distance.

If you do not know your distance from Houston, phone your local post office to determine the zone in which you are located.

Add up the weights of the articles selected.

Refer to the chart at the left to determine your postage.

Add in the amount of the Insurance Fee as per chart below.

(Example: If you are in Zone 3 and your purchase totals 15 lbs. in weight, and $46.50 in amount, the postage is $2.36 and the insurance fee is 85¢, so the total amount to send is the $46.50 plus $3.21, or a total of $49.71.)

NOTE: THE MINIMUM FEE IS $2.00 FOR HANDLING, MAILING AND INSURANCE

ITEMS ILLUSTRATED THAT DO NOT SHOW SHIPPING WEIGHT, WEIGH LESS THAN ONE (1) POUND. USE MINIMUM MAILING FEE OF $2.00 FOR THESE ITEMS UP TO YOUR COST OF $50.00.

OVER $50.00 AND UP TO $400.00, THE MINIMUM MAILING FEE IS $3.00.

You may order as many items as you desire for the above appropriate minimum charge in the following classifications only:

- Rings
- Watches
- All ladies' and Men's Jewelry
- Pens and Pencils
- Lighters
- Billfolds

For security purposes, all Jewelry items costing you over $200.00 are sent by Registered Mail only. Add an additional $3.00 for Registered Mail Fee.

INSURANCE FEE

All parcel post shipments are insured. Determine your fee as follows:

Value up to $15.00	$0.50
Value $15.01 to $50.00	.85
Value $50.01 to $100.00	1.10
Value $100.01 to $150.00	1.40
Value $150.01 to $200.00	1.75
Value $200.01 to $300.00	2.25
Value $300.01 to $400.00	2.75

The MAXIMUM WEIGHT of parcel post packages to first class offices in Zones 1 thru 7 is 40 pounds, and the maximum size is 84 inches in length and girth combined.

For second, third, or fourth class post offices, a parcel may weigh 70 pounds, with the maximum size not to exceed 100 inches in length and girth combined.

APPROXIMATE FREIGHT RATE CHART

	Zones 1-2 Up to 150 Miles	Zone 3 151-300 Miles	Zone 4 301-600 Miles	Zone 5 601-1000 Miles	Zone 6 1001-1400 Miles	Zone 7 1401-1800 Miles
Up to 100 lbs. ...	$13.50	$16.70	$19.80	$23.60	$25.25	$28.50

All merchandise weighing under 100 lbs. carries the 100 pound rate above. Over 100 lbs., use pro rata rate.

FREIGHT INFORMATION

Certain items in this catalog are indicated to be shipped via Freight only. Freight is the fastest and best way to ship merchandise, where it cannot be shipped via Parcel Post.

FREIGHT CHARGES — It is easy to estimate Freight charges. Find your zone, determine the distance you are from Houston, and refer to the Freight Rate Chart at the left.

(Example: If you are 280 miles (Zone 3) from Houston, and the merchandise you are ordering weighs up to 100 lbs., the approximate Freight charge would be $15.20.)

FREIGHT COLLECT — All Freight orders will be shipped "FREIGHT CHARGES COLLECT", unless you specify "prepaid" and include the charges with your remittance.

ON MAIL ORDERS THAT TOTAL LESS THAN $10.00, ADD $1.00 SERVICE CHARGE

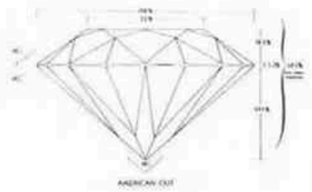
Diamonds

All our diamonds are sold on a 30-day money-back guarantee!



DIAMOND CLASSIFICATIONS. Our diamonds are carefully selected and much time and care is put into these gems before purchasing. Our large diamond business is the result of the confidence of thousands of satisfied customers. Remember, weight only does not determine values. Each of the following factors — cut, color, perfection — has an equal effect on the value of the diamond. Deviation from the finest in any category will create a significant decrease in value, regardless of size or weight.

CUTTING. The degree of brilliance of a diamond is determined by the excellence of its proportions, the quality of the cutting and the proper polish. A correctly proportioned diamond should be 60% (of the diameter) depth and a table of 53% to 56% with all the facets matching.

COLOR. There is a wide range of color from finest colorless to fine white, white, off-white, yellow, etc. The variance of color will be an important factor in determining price.

PERFECTION. The degree of perfection is an important factor in determining the value of a diamond. Some imperfections in diamonds can be seen by the unaided eye; others can be seen only under strong magnification. A flawless diamond (often referred to and described by most jewelers as "perfect") is one without any imperfections whatsoever; that is, none that can be seen by a trained expert using a powerful magnifying glass (10X magnification).

Grading of diamonds illustrated in catalog

AAA		Identifies very fine to extra fine quality and color.This grade under ten-power magnification reveals the faintest of flaws if critically examined. In appearance it is the equal of the finest diamond.
AA		Identifies very good to fine quality and color. The very small flaws in most cases can be seen only under a jeweler's magnifying glass. This grade of diamonds is especially appealing to those desiring a larger stone with very little sacrifice in beauty and brilliancy.
A		Identifies diamonds of fairly nice quality and color. This grade has flaws, visible to the unaided eye if closely examined. The quality of perfection and color is of a slight degree under AA grade.

BEWARE OF MISREPRESENTATION: The term "perfectly cut" does not apply to the perfection of a diamond. This term is misleading and rarely used by qualified jewelers.

Diamond Certificate furnished with Diamond purchases upon request.

UNMOUNTED DIAMONDS: We carry a very large selection of loose diamonds in all weights and grades

MR. MEAT SMOKER

Number One Is Now Five-in-One
Smoke • Roast • Steam • Barbecue • Shish Kabob

The concept is basically simple. A water pan placed between the meat and coals produces a steam smoke vapor that flavors and bastes the meat in its own juices. There's no tending, refueling, turning or basting. Once the meat is covered, that's it. A round of golf, a set of tennis, whatever.

Coleman Propane Unlimited

At the heart of every Coleman propane appliance is an exclusive pressure regulator. From bottle to appliance, Coleman controls the fuel flow at a steady PSI (Pounds per square inch). Regulated pressure to provide; constant, even temperatures, full bottle to empty . . . from each Coleman propane heater, stove and lantern. And you get precise light adjustment, with no orifices to change for high altitudes, from every Coleman regulated propane lantern.

Pedal Jogger
This jogger is an exciting new dimension in exercisers, designed to duplicate running, walking or jogging. Leg action rotates foot platforms in an up, down and around motion. Speedometer-odometer indicates speed and distance. Ruggedly constructed, this unit has a balanced flywheel to maintain momentum. Free-swinging, chrome-plated handlebars complement body and arm movements.
616 $16350 Wt. 55 lbs. **$219.50**

Treadmill Jogger
Extra heavy duty construction, responsive action and beauty of design makes this non-electric treadmill superb. Heavy woven "walking belt" moves over hardwood rollers which turn smoothly in oilite bearings. Two adjustment knobs allow for precise belt tracking. A re-settable pedometer measures each day's use. Both front and side rails are provided for added convenience.
600SR $25950 Wt. 65 lbs. **$339.50**

Deluxe Exercise Bike
This outstanding exercise bike with its unique swivel-action handlebars can simulate swimming exercises while cycling. Special features are speedometer-odometer, positive finger-tip tension control and adjustable handlebar and seat height. Beauty combined with top performance makes the Deluxe the most attractive pedal bike exerciser.
400 $10450 Wt. 45 lbs. **$149.50**

Triple Action Exercise Bike
The "exerciser with a difference" offers such outstanding characteristics as super-smooth action (maintained by a balanced flywheel) and synchronized motion of seat, handlebar and pedals. This beautifully styled cycle has an all-steel frame, walnut-finish side panels and sparkling chrome accents. Calisthenics and swimming, rowing and cycling type exercises may be performed on this unit.
DC-1 $20950 Wt. 70 lbs. **$269.50**

Exercise Bike
This trim exercise bike takes up little space with its compact, high-strength steel frame while providing smooth performance and dependability. A positive pedalling tension control, speedometer-odometer (to indicate rate and distance), and adjustable seat and handlebar height are additional features. This bike is a real treat for the exercise enthusiast who wants quality performance.
404 $8450 Wt. 40 lbs. **$119.50**

Hydraulic Rowing Machine
Adjustable rowing action, from easy to strenuous, exercises muscles in arms, legs, back, shoulders and stomach. The large cushioned seat moves freely up and down chrome-plated incline rails. Rugged all-steel construction with a unique hydraulic system are special features of this unit. This highly versatile rower offers pleasant and varied exercises.
505 $12450 Wt. 40 lbs. **$159.50**
