Did You Know?

Mother's Day is not on the same date each year, and it is also celebrated worldwide on different days. More phone calls are made on this day than any other. It is the third highest selling day for flowers and cards and the busiest day of the year for restaurants. Red carnations signify respect for a living mother, and white carnations are worn or given in honor if she has passed.

May Birthstone

Emerald. The emerald has been treasured and loved for its rich, grass-green color for thousands of years. Cleopatra traditionally wore emeralds to enhance her beauty. Emerald has been thought to soothe souls, reduce eye strain and stress and believed to provide love and success to those born in May.
