Did You Know?

You've heard of white, yellow, and rose gold, but did you know there is such a thing as green gold? Green gold is subtle and looks like yellow gold with a greenish hue to it. It contains a mixture of both yellow gold and pure silver.

September Birthstone

Sapphire. Second only to diamonds in hardness, sapphires are ideal for daily use and make beautiful additions to engagement rings. Sapphires are thought to ward off disease, bring peace and happiness, and have long been given as a token of love and loyalty.

Gilded Glamour

The Gilded Age, a period of rapid economic growth between 1880-1900, has recently been the backdrop to many TV shows, films, and has even infiltrated current fashion trends. At the recent MET Gala, the red carpet was literally glowing with stars dressed in their "Gilded Glamour" best. Many of the styles symbolize the extravagance of the gilded age, but you don't need to be a celebrity on a red carpet to appreciate the timeless gold designs that are trending today.

Luxurious gold chains for both men and women, chunky bracelets, drop earrings with diamonds or gemstones are classic, yet trendy. Large cuff bracelets, gold rings, and pendants or necklaces give an air of opulence and glamour that carries you from workday meetings to evenings out.
